

HELLO & WELCOME!

SUN AFRICA STUDIOS

Dear Lovely Couple,

You've imagined this day since you were children – how you would look, how you would feel, how every detail would come together in celebration of you and your love. Share your vision with us, and then let us capture it in photographs that you and your family will cherish for generations.

Each wedding is unique, just as each couple is unique. We'll take the time to get to know you and your dreams, your passions, your special sense of style. Your wedding is a reflection of you, and your photographs should show the authentic moments of love and happiness that you experience on your day.

Your wedding will be full of big moments, but we want to capture the small moments, too – the subtle expressions of intimacy and commitment that you, as a couple, share; the details that make this day distinctly yours; the family, the fun, the laughter, the tears of joy. Your photographs should be personal, classic and beautiful – like you.

ENGAGEMENT SESSIONS

SUN AFRICA STUDIOS

An engagement photo session can be a wonderful addition to your wedding album. Every romance has to begin somewhere, and your engagement photos will show your family and friends the first chapter in your love story.

Your engagement photo shoot will help us get to know you and help you to get comfortable being photographed. The resulting images can be used not only in your album, but also on your invitations, thank you notes or signing book.

The place where you first met; your favorite restaurant; the site of his bend-knee proposal – any of these locations can make fun, informal, intimate engagement photos that help to tell the story of you.

Engagement sessions typically last one hour and include two outfit changes, but we are happy to accommodate additional requests!
